IPR Modules 1 & 2- QB

1. Which of the following is an example of intangible property?

a) Land **b)** A car **c)** An invention **d)** A book

Answer: c) An invention

2. A patent is best described as:

a) A legal right granted by the government to an inventor for a limited period **b)** A permanent right over any idea **c)** A right that arises automatically when a work is created **d)** A certificate of product quality

Answer: a) A legal right granted by the government to an inventor for a limited period

3. Which feature of property means that it can be sold or passed on to another person?

a) Exclusivity **b)** Ownership **c)** Legal protection **d)** Transferability

Answer: d) Transferability

4. A new engine that improves the fuel efficiency of cars would be protected by a:

a) Design patent **b)** Utility patent **c)** Plant patent **d)** Trademark

Answer: b) Utility patent

5. In medieval Europe, rulers granted exclusive privileges to inventors and traders mainly for:

a) Moral reasons **b)** Religious reasons **c)** Educational reasons **d)** Economic and political reasons

Answer: d) Economic and political reasons

6. The Copyright Act that governs copyright in India was passed in:

a) 1957 **b)** 1911 **c)** 1970 **d)** 2001

Answer: a) 1957

7. The Statute of Monopolies (England, 1624) is known for:

a) Recognising authors' rights over books **b)** Setting up WIPO **c)** Giving limited monopoly rights to inventors **d)** Protecting geographical indications

Answer: c) Giving limited monopoly rights to inventors

8. Design patents focus on a product's:

a) Working mechanism **b)** Shape, pattern, configuration or ornamentation **c)** Chemical composition **d)** Cost of production

Answer: b) Shape, pattern, configuration or ornamentation

9. Under Sections 3 and 4 of the Patents Act, which of the following is NOT patentable?

a) A method of agriculture **b)** A water purification system **c)** A new manufacturing process **d)** A fuel-efficient engine

Answer: a) A method of agriculture

10. In arbitration, the neutral third party:

a) Only gives suggestions **b)** Registers the IP right **c)** Helps the parties reach a non-binding agreement **d)** Gives a binding decision

Answer: d) Gives a binding decision

11. InPASS stands for:

a) International Patent Application Search Service **b)** Indian Patent Advanced Search System **c)** Indian Patent Application Status System **d)** Indian Property and Software System

Answer: b) Indian Patent Advanced Search System

12. The TRIPS Agreement was part of which round of trade negotiations?

a) Doha Round **b)** Tokyo Round **c)** Uruguay Round **d)** Kennedy Round

Answer: c) Uruguay Round

13. Which international database of WIPO can be used for a patent search?

a) PATENTSCOPE **b)** InPASS **c)** Patent Journal **d)** SCC

Answer: a) PATENTSCOPE

14. "Any advantage given to one country must be given to all WTO members." This TRIPS principle is called:

a) National Treatment **b)** Minimum Standards **c)** Sui generis **d)** Most-Favoured-Nation

Answer: d) Most-Favoured-Nation

15. Existing technologies that are already known before a patent is filed are called:

a) Trade dress **b)** Prior art **c)** Headnotes **d)** Claims

Answer: b) Prior art

16. TRIPS requires countries to protect plant varieties either by patents or by:

a) Copyright **b)** Trademarks **c)** A sui generis system **d)** Trade secrets

Answer: c) A sui generis system

17. The provisional or complete specification of a patent is filed in:

a) Form 2 **b)** Form 1 **c)** Form 3 **d)** Form 5

Answer: a) Form 2

18. The first Indian patent law (Act VI of 1856) gave inventors exclusive rights for:

a) 10 years **b)** 16 years **c)** 20 years **d)** 14 years

Answer: d) 14 years

19**.** The 1930 amendment increased the patent term in India from 14 years to:

a) 15 years **b)** 18 years **c)** 16 years **d)** 20 years

Answer: c) 16 years

20. Which of the following is NOT a branch of the Indian Patent Office?

a) Bengaluru **b)** Delhi **c)** Mumbai **d)** Chennai

Answer: a) Bengaluru

21. Provisional patent applications were first allowed in India by the amendment of:

a) 1911 **b)** 1930 **c)** 2005 **d)** 1945

Answer: d) 1945

22. A process patent protects:

a) The final product itself **b)** The brand name of the product **c)** Only the method of making a product **d)** The appearance of the product

Answer: c) Only the method of making a product

23. A patent application is published in the:

a) Official Patent Journal **b)** Economic Survey of India **c)** WTO bulletin **d)** Copyright register

Answer: a) Official Patent Journal

24. The Patents Act, 1970 allowed only process patents mainly to:

a) Increase exports **b)** Protect foreign companies **c)** Promote trademarks **d)** Ensure affordable medicines

Answer: d) Ensure affordable medicines

25. Form 18 is used for:

a) Early publication **b)** Request for examination **c)** Declaration of inventorship **d)** Statement of working

Answer: b) Request for examination

26. Pre-grant and post-grant opposition to patents was introduced in India by the:

a) 1911 Act **b)** 1945 Amendment **c)** 2005 Amendment **d)** 1970 Act

Answer: c) 2005 Amendment

27**.** A patent examiner checks an application for novelty, inventive step and:

a) Industrial applicability **b)** Market price **c)** Brand value **d)** Artistic merit

Answer: a) Industrial applicability

28**.** According to the Natural Rights Theory, a person has a right over a creation because:

a) The government allows it **b)** It was created by the person's own effort and skill **c)** It increases trade **d)** Society demands it

Answer: b) It was created by the person's own effort and skill

29**.** FER stands for:

a) Final Evaluation Record **b)** Filing Entry Receipt **c)** Foreign Examination Request **d)** First Examination Report

Answer: d) First Examination Report

30. Which theory treats IPR as a prize given to a creator for making something useful?

a) Reward Theory **b)** Social Theory **c)** Economic Theory **d)** Natural Rights Theory

Answer: a) Reward Theory

31. The applicant must usually respond to the First Examination Report within:

a) 1 month **b)** 3 months **c)** 6 months **d)** 18 months

Answer: c) 6 months

32. "IPR should serve society, not just individuals" is the central idea of the:

a) Reward Theory **b)** Natural Rights Theory **c)** Economic Theory **d)** Social Theory

Answer: d) Social Theory

33. A response to the First Examination Report may include all of the following EXCEPT:

a) Clarifications **b)** Payment of damages **c)** Amendments to claims **d)** Hearing before the Controller

Answer: b) Payment of damages

34. Which of the following is a public interest concern in IPR?

a) Preventing monopoly and high prices **b)** Exclusive control for creators **c)** Earning profit **d)** Rewarding inventors

Answer: a) Preventing monopoly and high prices

35. The 20-year term of a patent in India is counted from the date of:

a) Grant **b)** Publication **c)** Filing **d)** Examination

Answer: c) Filing

36. If IPR protection is too weak, who suffers the most?

a) The public **b)** Creators **c)** Courts **d)** Consumers

Answer: b) Creators

37**.** To keep a patent in force, the patentee must pay:

a) A one-time fee only **b)** A monthly tax **c)** Nothing after grant **d)** Annual renewal fees

Answer: d) Annual renewal fees

38**.** Which of the following is NOT an advantage of IPR?

a) Encourages creativity **b)** Protects against piracy **c)** Limits access to knowledge **d)** Promotes economic growth

Answer: c) Limits access to knowledge

39**.** Which of the following is a right of a patentee?

a) To take legal action against infringement **b)** To pay renewal fees **c)** To disclose the invention **d)** To work the patent

Answer: a) To take legal action against infringement

40. As a disadvantage of IPR, legal procedures are often:

a) Free and quick **b)** Complex and expensive **c)** Automatic **d)** Unnecessary

Answer: b) Complex and expensive

41. Which of the following is a duty of a patentee?

a) To license the patent to everyone **b)** To keep the invention secret **c)** To sell the product at the lowest price **d)** To disclose the invention fully and clearly

Answer: d) To disclose the invention fully and clearly

42. Software is protected under which kind of IPR?

a) Copyright **b)** Geographical indication **c)** Trade dress **d)** Layout design

Answer: a) Copyright

43. "Working of a patent" means:

a) Renewing it every year **b)** Filing it in other countries **c)** Using the invention for commercial purposes **d)** Assigning it to another person

Answer: c) Using the invention for commercial purposes

44. To be patentable, an invention must be new, useful and:

a) Secret **b)** Non-obvious **c)** Artistic **d)** Registered abroad

Answer: b) Non-obvious

45. Transfer of ownership of patent rights from one person to another is called:

a) Licence **b)** Injunction **c)** Infringement **d)** Assignment

Answer: d) Assignment

46. A slogan used to identify a company's products is protected as a:

a) Patent **b)** Industrial design **c)** Trademark **d)** Geographical indication

Answer: c) Trademark

47**.** In a patent licence, the ownership of the patent:

a) Remains with the patentee **b)** Passes to the licensee **c)** Passes to the government **d)** Comes to an end

Answer: a) Remains with the patentee

48**.** Protection of a trade secret lasts:

a) 20 years **b)** As long as secrecy is maintained **c)** 60 years **d)** For the lifetime of the owner

Answer: b) As long as secrecy is maintained

49**.** Which of the following is NOT a type of patent licence?

a) Exclusive licence **b)** Non-exclusive licence **c)** Compulsory licence **d)** Provisional licence

Answer: d) Provisional licence

50. The packaging style, shape and colour combination that make a product recognisable are protected as:

a) Trade dress **b)** Trade secret **c)** Patent **d)** Layout design

Answer: a) Trade dress

51. A company imports a patented product into India without the patentee's permission. This is:

a) Assignment **b)** Fair dealing **c)** Patent infringement **d)** Compulsory licensing

Answer: c) Patent infringement

52. Industrial design protection focuses on:

a) The function of a product **b)** The method of manufacture **c)** The place of origin **d)** The aesthetic value of a product

Answer: d) The aesthetic value of a product

53. Remedies for patent infringement are broadly divided into:

a) National and international **b)** Civil and criminal **c)** Temporary and permanent **d)** Exclusive and non-exclusive

Answer: b) Civil and criminal

54. Layout design protection is most important for the:

a) Textile industry **b)** Publishing industry **c)** Electronics and semiconductor industry **d)** Agriculture sector

Answer: c) Electronics and semiconductor industry

55. An injunction granted while the case is still pending is called a:

a) Temporary (interim) injunction **b)** Permanent injunction **c)** Compulsory injunction **d)** Final injunction

Answer: a) Temporary (interim) injunction

56. Mysore Silk is an example of a:

a) Trade dress **b)** Geographical indication **c)** Trademark **d)** Traditional knowledge

Answer: b) Geographical indication

57**.** A permanent injunction is granted:

a) Before the case is filed **b)** During the pendency of the case **c)** At the time of patent grant **d)** After the final judgment

Answer: d) After the final judgment

58**.** A geographical indication shows that a product's quality and reputation are linked to its:

a) Manufacturer **b)** Price **c)** Place of origin **d)** Packaging

Answer: c) Place of origin

59**.** In patent law, "damages" means:

a) Monetary compensation for the loss suffered **b)** A court order to stop production **c)** Cancellation of the patent **d)** Imprisonment of the infringer

Answer: a) Monetary compensation for the loss suffered

60. Protecting traditional knowledge mainly helps to:

a) Increase taxes **b)** Prevent its misuse by companies **c)** Stop its use by local communities **d)** Convert it into trademarks

Answer: b) Prevent its misuse by companies

61. Which of the following is NOT a factor considered by the court while awarding damages?

a) Loss of sales **b)** Market impact **c)** Duration of infringement **d)** Age of the patentee

Answer: d) Age of the patentee

62. The PVP&FR Act, 2001 balances the rights of:

a) Breeders and farmers **b)** Authors and publishers **c)** Importers and exporters **d)** Courts and patent offices

Answer: a) Breeders and farmers

63. With regard to damages and account of profits, the patentee can claim:

a) Both together **b)** Neither of them **c)** Either one, but not both **d)** Only account of profits

Answer: c) Either one, but not both

64. In the NDUS criteria, "Uniformity" means that the variety:

a) Is a new variety **b)** Has consistent characteristics **c)** Is different from existing varieties **d)** Remains the same over generations

Answer: b) Has consistent characteristics

65. The purpose of "account of profits" is to:

a) Reward the infringer **b)** Calculate tax on the patent **c)** Extend the patent term **d)** Prevent the infringer from benefiting from illegal activity

Answer: d) Prevent the infringer from benefiting from illegal activity

66. In the NDUS criteria, "Stability" means that the variety:

a) Remains the same over generations **b)** Is different from other varieties **c)** Is newly developed **d)** Gives a high yield

Answer: a) Remains the same over generations

67**.** Criminal remedies in patent law apply in cases such as:

a) Late payment of renewal fees **b)** Filing a provisional application **c)** False representation of patent rights **d)** Requesting early publication

Answer: c) False representation of patent rights

68**.** Under farmers' privilege, a farmer may NOT:

a) Save seeds **b)** Sell branded seeds **c)** Exchange seeds **d)** Resow seeds

Answer: b) Sell branded seeds

69**.** The PCT route allows an inventor to:

a) Get one patent valid in all countries **b)** Avoid examination **c)** Extend a patent beyond 20 years **d)** Seek protection in many countries through a single application

Answer: d) Seek protection in many countries through a single application

70. If seeds of a registered variety fail to perform, farmers can:

a) Claim compensation **b)** Cancel the breeder's registration **c)** Get a patent **d)** Demand an injunction

Answer: a) Claim compensation

71. Which statement about international patents is correct?

a) WIPO grants a single world patent **b)** A PCT application is valid forever **c)** There is no "world patent"; PCT only makes filing easier **d)** PCT applies only to India

Answer: c) There is no "world patent"; PCT only makes filing easier

72. Crops other than trees and vines are protected under the PVP&FR Act for:

a) 10 years **b)** 15 years **c)** 18 years **d)** 20 years

Answer: b) 15 years

73. The report prepared after the international search under PCT is the:

a) First Examination Report **b)** Statement of Working **c)** Patent Journal **d)** International Search Report

Answer: d) International Search Report

74. Under the PVP&FR Act, farmers are recognised as:

a) Conservers of biodiversity **b)** Patent agents **c)** Licensed breeders only **d)** Controllers of seeds

Answer: a) Conservers of biodiversity

75. Under the PCT system, national phase entry takes place after about:

a) 12 months **b)** 18 months **c)** 30 or 31 months **d)** 48 months

Answer: c) 30 or 31 months

76. The Madrid System (1891) deals with international registration of:

a) Patents **b)** Trademarks **c)** Industrial designs **d)** Copyright

Answer: b) Trademarks

77**.** In the national phase, applications filed in the chosen countries get the benefit of the:

a) Lowest fee **b)** Grant date **c)** Publication date **d)** Original filing date

Answer: d) Original filing date

78**.** The Hague Agreement (1925) deals with international registration of:

a) Industrial designs **b)** Trademarks **c)** Plant varieties **d)** Literary works

Answer: a) Industrial designs

79**.** Under the Paris Convention route, the date of the first filing claimed in later foreign applications is called the:

a) Grant date **b)** Renewal date **c)** Priority date **d)** Publication date

Answer: c) Priority date

80. The Lisbon Agreement (1958) protects:

a) Integrated circuits **b)** Appellations of origin / geographical indications **c)** Computer programs **d)** Trade secrets

Answer: b) Appellations of origin / geographical indications

81. The Patent Cooperation Treaty (PCT) dates from:

a) 1970 **b)** 1883 **c)** 1925 **d)** 1958

Answer: a) 1970

82. DPIIT stands for:

a) Department of Patents, Industry and Information Technology **b)** Department for Promotion of Industry and Internal Trade **c)** Directorate for Protection of Indian Inventions and Trademarks **d)** Department of Public Innovation and International Trade

Answer: b) Department for Promotion of Industry and Internal Trade

83. Which body helps commercialise technologies developed by research institutions?

a) NRDC **b)** CIPAM **c)** TIFAC **d)** WTO

Answer: a) NRDC

84**.** The main work of CIPAM is to:

a) Grant patents **b)** Conduct IP awareness campaigns and policy research **c)** Settle WTO disputes **d)** Register plant varieties

Answer: b) Conduct IP awareness campaigns and policy research

85**.** TIFAC is a body that:

a) Advises on technological trends and IP promotion **b)** Registers copyrights **c)** Examines patent applications **d)** Issues compulsory licences

Answer: a) Advises on technological trends and IP promotion

86**.** Mediation is a process in which the neutral third party:

a) Gives a binding decision **b)** Helps the parties reach a mutual agreement **c)** Punishes the infringer **d)** Grants the IP right

Answer: b) Helps the parties reach a mutual agreement

87**.** Which of the following is NOT a right of a copyright owner?

a) Reproduction of the work **b)** Public performance **c)** Adaptation and translation **d)** Stopping others from using the same idea

Answer: d) Stopping others from using the same idea

88**.** The headquarters of WIPO is located in which country?

a) Switzerland **b)** France **c)** USA **d)** England

Answer: a) Switzerland

89. A photograph is protected under copyright as:

a) A literary work **b)** A dramatic work **c)** A musical work **d)** An artistic work

Answer: d) An artistic work

90. The PVP&FR Act, 2001 is called a sui generis system because it is:

a) A unique law made specially for plant varieties **b)** A part of the Patents Act **c)** An international treaty **d)** A temporary government order

Answer: a) A unique law made specially for plant varieties

91. Choreography is protected as:

a) An artistic work **b)** A literary work **c)** A dramatic work **d)** A cinematograph film

Answer: c) A dramatic work

92. Under the Copyright Act, a "musical work" refers to:

a) The lyrics of a song **b)** The recorded audio **c)** The music video **d)** The composition, not the lyrics

Answer: d) The composition, not the lyrics

93. The Act of 1859 granted patents only for inventions that were:

a) New and useful **b)** Made in Britain **c)** Related to medicine **d)** Kept secret

Answer: a) New and useful

94. A recorded song is protected as a:

a) Dramatic work **b)** Literary work **c)** Sound recording **d)** Artistic work

Answer: c) Sound recording

95. A product patent protects:

a) Only the method of making the product **b)** The final product itself, however it is made **c)** Only the product's name **d)** Only the product's packaging

Answer: b) The final product itself, however it is made

96. The head office of the Copyright Office is in:

a) Kolkata **b)** Mumbai **c)** Chennai **d)** Delhi

Answer: d) Delhi

97**.** After a provisional application, the inventor usually gets how much time to file the complete specification?

a) 12 months **b)** 6 months **c)** 18 months **d)** 48 months

Answer: a) 12 months

98**.** After a copyright application is submitted, the applicant receives for tracking a:

a) Patent number **b)** Priority date **c)** Diary number **d)** Form 27

Answer: c) Diary number

99**.** Copyright protection begins:

a) Only after registration **b)** Automatically, without registration **c)** After 30 days of publication **d)** After court approval

Answer: b) Automatically, without registration

100. The minimum 30-day waiting period in copyright registration is meant for:

a) Payment of fees **b)** Printing the certificate **c)** Publication in the Patent Journal **d)** Receiving objections

Answer: d) Receiving objections

101. Although copyright is automatic, registration is useful because it:

a) Acts as legal proof of ownership **b)** Extends the term by 20 years **c)** Protects the idea itself **d)** Makes the work a trademark

Answer: a) Acts as legal proof of ownership

102. Online copyright applications in India are filed on:

a) The WIPO PATENTSCOPE site **b)** The InPASS database **c)** The Copyright Office portal (copyright.gov.in) **d)** The WTO website

Answer: c) The Copyright Office portal (copyright.gov.in)

103. A patent gives the inventor the exclusive right to:

a) Use the invention forever **b)** Make, use and sell the invention **c)** Keep the invention secret **d)** Avoid paying fees

Answer: b) Make, use and sell the invention

104. In offline copyright filing, the fee is usually paid through:

a) UPI **b)** Net banking **c)** Credit card **d)** Demand draft or challan

Answer: d) Demand draft or challan

105. In ancient Greece and Rome, creators were:

a) Given patents for 20 years **b)** Protected by copyright law **c)** Recognised, but without formal legal protection **d)** Not recognised at all

Answer: c) Recognised, but without formal legal protection

106. An assignment of copyright should specify:

a) Duration, territory and rights assigned **b)** Only the price **c)** The author's age **d)** The diary number

Answer: a) Duration, territory and rights assigned

107. The Industrial Revolution led countries to:

a) Abolish all IP rights **b)** Create formal patent and copyright systems **c)** Close their patent offices **d)** Stop protecting inventions

Answer: b) Create formal patent and copyright systems

108. An author selling the rights in a book to a publisher is an example of:

a) Piracy **b)** Fair dealing **c)** Compulsory licence **d)** Assignment

Answer: d) Assignment

109. The TRIPS Agreement linked IP protection with:

a) Global trade **b)** Military cooperation **c)** Agricultural subsidies **d)** Space research

Answer: a) Global trade

110. A music owner allows several companies to use the same song in advertisements at the same time. This is:

a) An exclusive licence **b)** A compulsory licence **c)** A non-exclusive licence **d)** An assignment

Answer: c) A non-exclusive licence

111. The enforcement provisions of TRIPS require countries to:

a) Remove all patents on medicines **b)** Provide legal remedies for IP violations **c)** Give free licences **d)** Register all trademarks with WIPO

Answer: b) Provide legal remedies for IP violations

112. In an exclusive licence:

a) Many people can use the work at the same time **b)** Ownership passes to the licensee **c)** The work enters the public domain **d)** Even the owner cannot grant the same rights to anyone else

Answer: d) Even the owner cannot grant the same rights to anyone else

113. WIPO's "technical assistance" function mainly helps:

a) Developing countries improve their IP laws and systems **b)** Companies get loans **c)** Courts punish infringers **d)** Farmers sell seeds

Answer: a) Developing countries improve their IP laws and systems

114. Copyright in a cinematograph film lasts for:

a) 20 years from filing **b)** Lifetime of the director + 60 years **c)** 60 years from the date of publication **d)** 18 years

Answer: c) 60 years from the date of publication

115. A farmer's right to save, use, sow, resow, exchange and sell seeds is known as:

a) Breeder's right **b)** Farmers' privilege **c)** Compulsory licence **d)** Seed patent

Answer: b) Farmers' privilege

116. The Economic Survey of India is an example of a:

a) Dramatic work **b)** Sound recording **c)** Trade secret **d)** Government work

Answer: d) Government work

117. Breeders of registered plant varieties get the exclusive right to:

a) Produce, sell and market the seeds **b)** Stop farmers from saving seeds **c)** Fix land prices **d)** Register trademarks

Answer: a) Produce, sell and market the seeds

118. Which of the following is an example of copyright piracy?

a) Quoting a book for research **b)** Reporting news **c)** Illegal downloading of movies **d)** Using a work for private study

Answer: c) Illegal downloading of movies

119. When seeds of a protected variety are not available or are too expensive, who can allow others to produce and sell them?

a) The breeder **b)** The Government **c)** WIPO **d)** The farmer

Answer: b) The Government

120. Which of the following is NOT covered by fair dealing?

a) Education **b)** Research **c)** News reporting **d)** Selling duplicate copies

Answer: d) Selling duplicate copies

121. A plant variety that is clearly different from existing varieties satisfies the test of:

a) Distinctiveness **b)** Uniformity **c)** Stability **d)** Novelty

Answer: a) Distinctiveness

122. Translating and publishing a novel without the author's permission is:

a) Fair dealing **b)** Assignment **c)** Copyright infringement **d)** Licensing

Answer: c) Copyright infringement

123. Which of the following is NOT a function of WIPO?

a) Dispute resolution **b)** Fixing customs duties **c)** Administration of treaties **d)** Promotion of innovation

Answer: b) Fixing customs duties

124. Which of the following is a civil remedy for copyright infringement?

a) Statement of working **b)** Compulsory licence **c)** Request for examination **d)** Delivery and destruction of infringing copies

Answer: d) Delivery and destruction of infringing copies

125. Which theory states that IPR encourages innovation, which leads to economic growth and development?

a) Economic Theory **b)** Social Theory **c)** Natural Rights Theory **d)** Reward Theory

Answer: a) Economic Theory

126. Which of the following is a criminal remedy for copyright infringement?

a) Injunction **b)** Damages **c)** Seizure of pirated goods **d)** Account of profits

Answer: c) Seizure of pirated goods

127. DPIIT supervises the offices dealing with:

a) Only patents **b)** Patents, trademarks, designs, copyright and GIs **c)** Only plant varieties **d)** Only trade secrets

Answer: b) Patents, trademarks, designs, copyright and GIs

128. Copyright is protected internationally through which convention, of which India is a member?

a) Paris Convention **b)** Lisbon Agreement **c)** Hague Agreement **d)** Berne Convention

Answer: d) Berne Convention

129. Which of the following is NOT covered by the Paris Convention?

a) Literary works **b)** Patents **c)** Trademarks **d)** Designs

Answer: a) Literary works

130. The "sweat of the brow" doctrine gives protection based on:

a) Creativity alone **b)** Novelty **c)** Public interest **d)** Effort or labour alone

Answer: d) Effort or labour alone
